

LSL Life – Zachary

Camaraderie, sportsmanship, and the thrill of the tackle.

Zachary: My favorite sport is football. I haven't played anything else but football in seven or eight years. I enjoy just getting through the line super fast, and going and tackling the quarterback.

Mom: We were concerned what he would be able to hear, what he wouldn't be able to hear, concerning wearing the helmet.

Zachary: The helmets that we have, it actually doesn't bother my hearing aids. There's no padding along the ear right here, so it just slides right on. No problems at all. I enjoy being with the team, and everything else that goes into it, with like, team dinners and Friday night games, away or home. It was just very fun.
