

## **LSL Life – Maggie**

***Hearing loss doesn't keep Maggie from making friends at her new school.***

Dad: Last year we had a big move from Denver to Oklahoma, and went from a public school to a private school.

Maggie: I was feeling kind of nervous because I had to make new friends, and my old friends were really awesome.

Speaker 3: We became friends on the first day of school last year.

Speaker 4: It was the second week of school we became friends.

Speaker 5: One thing I love about Maggie is she's always joyful and she's happy about everything.

Speaker 6: She's really kind. She made me laugh like, a lot, last year.

Speaker 3: It's a miracle that she has cochlears that she can hear well.

Maggie: It wasn't a big deal to be the new girl at school because I made friends really quickly.
